Dear Curt,

First, let me just say, **thank you!** Your recent donation of \$4,000.00 on 12/27/2017 means that you understand how significant the camp experience is for children with type 1 diabetes. Thank you for donating these funds to repair the ropes course and to purchase two new paddle boats for Clara Barton Camp. We strive to provide safe, educational, and fun programs for our campers. And with your help, we are able to continue to do that.

Perhaps, our campers and families say it best:

“Camp is my happy place that I call home. I can’t thank you enough for helping.” *(15 years old)*

“Words cannot express the gratitude my family and I feel for your financial support.” *(Parent)*

“People like you, who care and think about the needs of others, make the world a better place.” *(12 years old)*

The mission of The Barton Center is to improve the lives of children with insulin-dependent diabetes through education, recreation, and support programs which inspire and empower. During each of our many year-round programs, children find support through their peers and our wonderful counselors. Possibly for the first time since being diagnosed, they realize they are not alone in the daily struggles of living with type 1 diabetes. After attending our programs, children, parents, grandparents, and others feel more confident and capable managing diabetes.

Thank you for choosing to support The Barton Center for Diabetes Education. I truly appreciate your belief in our mission. Donors like you, make our programs possible.

With best wishes and my sincere gratitude,
