Curt Ritter  
The Chatham Turkey Trot  
130 Huron Dr.  
Chatham, NJ 07928

Dear Curt,

Thank you so much for your generous gift of \$4,000.00, received on 12/16/2022. It is the unwavering and generous support of our friends, families, and donors who enable us to offer programs for children with type 1 diabetes. Your contribution ensures that we will continue to provide a place for these children and their families to turn for education, fun, and support as we lead them to happier, healthier lives.

Our campers are very appreciative of your support:

“Thank you for helping my family create an experience I will never forget. I can’t wait to get to camp.” *(13 years old)*

“Thank you so much for your help. I have been going to camp for a long time, and I would not be able to continue without your help.” *(16 years old)*

“Thank you for allowing me to return to the one place in the world that makes me feel like part of something much greater than anyone can possibly imagine.” *(16 years old)*

The mission of The Barton Center is to improve the lives of children with insulin-dependent diabetes through education, recreation, and support programs which inspire and empower. During each of our many year-round programs, children find support through their peers and our wonderful counselors. Possibly for the first time since being diagnosed, they realize they are not alone in the daily struggles of living with type 1 diabetes. After attending our programs, children, parents, grandparents, and others feel more confident and capable managing diabetes.

Thank you for choosing to support The Barton Center for Diabetes Education. I truly appreciate your belief in our mission. Donors like you, make our programs possible.

With best wishes and my sincere gratitude,

*Lynn A. Butler-Dinunno*
